VIA ELECTRONIC MAIL

Dear Provider:

As we continue to learn more and address the novel coronavirus and its resulting illness COVID-19, we want to update you on important coverage information around its testing, treatment and care.

Silver Summit Health Plan will be extending coverage for COVID-19. This important step is being taken in partnership with other major insurers and with the support of the White House Coronavirus Task Force.

We intend to cover COVID-19 testing and screening services for Silver Summit Medicaid, Allwell Medicare and Ambetter Marketplace members and are waiving all associated member cost share amounts for COVID-19 testing and screening. To ensure that our members receive the care they need as quickly as possible, Silver Summit Health Plan will not require prior authorization, prior certification, prior notification or step therapy protocols for these services.

This coverage extension follows the Centers for Medicare & Medicaid Services' (CMS) guidance that coronavirus tests will be fully covered without cost-sharing for Medicare and Medicaid plans, a decision that Silver Summit Health Plan fully supports for our members covered under these programs. We also support the administration's guidance to provide more flexibility to Medicare Advantage and Part D plans. The specific guidance includes:

- Waiving cost-sharing for COVID-19 tests regardless of the test result
- Waiving cost-sharing for COVID-19 treatments in doctor's offices or emergency rooms and services delivered via telehealth
- Removing prior authorizations requirements for COVID 19 prevention, screening and treatment
- Waiving prescription refill limits
- Relaxing restrictions on home or mail delivery of prescription drugs
- Expanding access to certain telehealth services

Silver Summit Health Plan has been working in close partnership with state, local and federal authorities to serve and protect patients during the COVID-19 outbreak, including ensuring that its members and providers have the most up-to-date information to protect themselves and their
